**Notice Concerning Shelf Registration for Issuance of Stock Options**

Eisai Co., Ltd. (Headquarters: Tokyo, President & CEO: Haruo Naito) today announced that the Company filed a shelf registration statement with the Kanto Local Finance Bureau for issuance of stock options in accordance with “the Policy for Protection of the Company’s Corporate Value and Common Interests of Shareholders”. This corresponds to the expiration of the period covered by the previous shelf registration (from April 6, 2008 to April 5, 2010) submitted on March 28, 2008.

**Details**

1. Securities Type: Stock options
2. Issue Period: Two years from the effective date of the shelf registration of stock options (from April 6, 2010 to April 5, 2012)
3. Offering Method: Rights offering to shareholders
4. Issue Amount: ¥ 800,000,000  
(This is the total amount to be paid upon exercise of all stock options to be issued for the subscribers free of charge.)

Eisai resolved “the Policy for Protection of the Company’s Corporate Value and Common Interests of Shareholders” at the Board of Directors on February 28, 2006. This is an advance warning system for hostile takeover defense which sets forth an orderly procedure to be followed when a large-scale acquisition of the Company’s shares is planned in order to allow sufficient time and information for shareholders to make appropriate judgments. If and when an acquirer does not follow the procedures, or the acquisition is inappropriate that would impair the corporate value and common interest of shareholders, the Company, in accordance with the Policy, issues new stock options to all shareholders, which the acquirer is not entitled to exercise, to dilute the voting rights of the acquirer to defend against inappropriate takeover. This shelf registration will enable the Company to flexible issue stock options by offering rights to shareholders.
