1. About Eisai USA Foundation Inc.

Eisai USA Foundation Inc. was established in 2008 as part of Eisai's commitment to be a responsible corporate citizen and contribute to the good of society in which it does business. The Foundation focuses its charitable giving in four areas: health-related initiatives for patients and caregivers, disaster relief efforts, innovation in medical and pharmaceutical sciences, and community activities in the areas where Eisai's U.S. employees live and work.
